## DAMAGE FROM EXPLOSION TO AL KUFRAH BARRACKS, LIBYA (S)

1. [redacted] Imagery of [redacted] (Figure 1) shows Al Kufrah Barracks [redacted] Libya, prior to extensive damage from an explosion that was observed on [redacted] (Figure 2). The main impact of the explosion, which occurred between [redacted] was just outside the eastern perimeter security wall of the facility between a vehicle storage building inside the wall and a storage building outside the wall. Four buildings were destroyed, and extensive damage to at least five other large buildings inside the facility was evident (Figure 2). One building was approximately 150 meters (492 feet) from the point of the explosion. Three tanks and three BTR-60PB armored personnel carriers parked near the vehicle storage building were destroyed. Additionally, four tanks, 14 BTR-60PB, and 16 ZU-23 antiaircraft (AA) guns were either destroyed or damaged.
